IN REPLY REFER TO:

PROGRAM  
1995

Lt. Gen. Marshall S. Carter, USA  
Deputy Director, Central Intelligence Agency  
Executive Office of the President  
McLean, Virginia 20505

Dear Mr. Carter:

The General Services Administration, on behalf of the civilian executive agencies of the United States, has intervened in Federal Maritime Commission Fact Finding Investigation No. 6, The Effects of Steamship Conference Organization, Procedure, Rules, Regulations and Practices Upon the Foreign Commerce of the United States. In connection with this investigation, the General Services Administration intends to provide the Commission with information concerning the Government's shipping interest and other pertinent facts.

Your help in furnishing details regarding your agency's overseas shipping programs is requested. Facts concerning the tonnage shipped on various trade routes, the principal commodities shipped, and other statistical data are needed. We plan to complete gathering this information by January 31, 1964.

Mrs. Wilma M. Dalton, Transportation Economist (Code 183, Extension 2448), has been designated to render assistance in this matter. Please indicate the office or individual in your agency who will be in a position to discuss this problem with us.

Enclosed is a copy of the Federal Maritime Commission Order of October 22, 1963, in this proceeding.

Sincerely yours,

Robert B. Conrad  
Commissioner
